Youth Fired Three Times At Ruler of Moscow.

BOY WORE RED CROSS UNIFORM

Noise of Shots Brought Soldiers to the Scene—Without a Moment's Hesitation Young Man Committed Suicide By Swallowing a Liquid.

New York, Dec. 30.—A cablegram to the World from Moscow dated Dec. 28 says:

A boy tried to assassinate Baron Midem, civil governor of the city today, and failing, instantly committed suicide.

Wearing the Red Cross uniform, the assassin gained admission to the baron, and approaching him drew a revolver and fired three shots. All the bullets missed their mark, and the noise brought soldiers, secretaries and servants running to the baron.

Without a moment's hesitation and before any one could seize him, the young man swallowed the liquid in a small phial which he had hidden in his clenched hand, fell unconscious and died in a few minutes.

Moreover, the body must be placed in the coffin issued by the quartermaster general's department. This was the decision of the comptroller of the treasury in the case of Private Albert Laste, Twenty-ninth battery, field artillery, who was killed at Fort Riley, Kan., last October.

Alabama Negro Lynched.

Was Nearly Dead When Discovered Between Coffee Sacks.

Galveston, Tex., Dec. 30.—Without food or water and with scarcely enough air to sustain life, Carl Joseph Kuhlock, a young German stowaway, 16 years of age, after suffering indescribable tortures for a period of nearly ten days, was rescued from his perilous position, in a narrow space between sacks of coffee in the lower hold of the Mallory steamer, Comal.

He was imediately conveyed to the John Sealy hospital, where medical attention was given him. His chances for recovery are considered good. When found by the longshoremen his body was limp, and he was partially conscious, and it is doubted that he could have lived many more hours without nourishment and air. He says his home is at 305 Columbia avenue Jamaica, Lond Island.

Gas Explosion Injures Family.

McKeesport, Pa., Dec. 30.—Mrs. Hattie Sweeney was fatally burned and eight other members of the Sweeney family were seriously injured as the result of a natural gas explosion in the kitchen of their home. Deport Money to Save Taxes.

Honolulu, Dec. 30.—The Oriental Steamship company's steamer America, which left for San Francisco, carried $750,000 in coin, sent by registered mail by local bankers in order, it is alleged, that the money may be at sea and beyond the territorial jurisdiction on Dec. 31, when a tax of 1 per cent is levied on all money held on deposit by the banks on that date. It is understood that this money will be returned here immediately. Deducting the charges of shipment, the saving made will be approximately in the neighborhood of $7,800. The bankers deny that this is the reason for the heavy shipment of coin.

TWO MEN INDICTED BY FEDERAL JURY

Banker and Bartender Charged With Misuse Of Mails.

SOLD FRAUDULENT OPTIONS

Bought 1,000 Acres of Louisiana Land at $1.50 per acre and sold the Land Cut Up Into Lots 20 Feet Square for $20—$5,000 Instead $150,000 Assets.

Chicago, Dec. 30.—The federal grand jury has returned indictments against Louis A. Gourdain, proprietor of the Imperial bank of Dearborn and Madison street, and John H. Dalton, former proprietor of a North Side saloon, both acused of using the mails to defraud.

The indictments accuse them of selling fraudulent options on alleged oil lands in Louisiana. The indictmets state that Dalton and Gourdai acting under the name of the Louisiana State Loan and Trust company of New Orleans, purchased 1,000 acres of land in Winni parish, La., at $1.50 an acre, platted the land into land 20 feet square and offered options on these plots for $20 each down to 50c each. These option certificates were made to resemble lottery tickets and certain prizes ranging from 50c to $5 were paid as bait.

Monthly lists, purporting to be the lists of prices bid for the oil lands were sent out to the purchases of options. The indictments state that the enterprise was a fraud; that the leases were worth no more than ½c each; that no oil ever was found on the lands; that no bids had been made; that the assets of the company were $5,000 instead of $1,500,000.

The street railway service has greatly increased during the past few years and the enlarged plant is greatly needed.

Cattlemen from the Rio Grande country say practically all the coyotes beyond the river are mad, and the cattlemen are scouring the country and exterminating them. Several Mexican children in Coahuila have been bitten and died. The spread of the rabies to Texas is feared.

Fatal Leap from Train.

Waco, Tex., Dec. 30.—While Geo. Payne, a young man, accused of trying to sell a horse not his own, was on an International and Great Northern train, in the custody of officers, he suddenly broke through a crowd of passengers and leaped off as the train was crossing the Brazos bridge He fell face downward a distance of 45 feet to a heap of driftwood, sustaining injuries which will probably prove fatal. Among the deposed delegates are the president and secretary of the trades assembly. The situation in labor circles is exceedingly strained, and further trouble is expected.

NO PROSECUTION FOR WALSH.

Shaw Excuses Chicago Banker Because Other Bankers Violate Laws.

Chicago, Dec. 30.—Secretary of the Treasury Shaw arrived in this city from Washington and in an interview practically declared there would be no criminal prosecution growing out of the Chicago National bank and the Home Savings bank of this city. He said:

"John R. Walsh did not take one dollar dishonestly. He did no more than many other bankers in the United States are doing all the time.

"The rumor of criminal prosecution is nothing but talk. There has been no embezzlement or theft. For every dollar taken out gilt-edged security was placed within. The depositors will get every dollar, and when that has been acomplishe the responsibility of the government ceases. That part of the banking law prohibiting the loaning of more than 10 per cent of the capitalization to one man may have been violated. That is not a criminal violation, and all that can be done is to liquidate the bank and pay off the depositors. The violation of that law by one bank is no more than has been done by almost every bank in the country.

MERRYMAKING NOT STOPPED.

Gardener Was Killed and Several Thousand Dollars Damage Done.

New York, Dec. 30—In ignorance of the explosion which had shaken the house was more than a trivial affair, the guests of Charles H. Mallory, at Byramshore, last night, continued their merriment. It was several hours later that they learned that in the explosion James Mackey, head gardener, lost his life, and that several thousand dollars' worth of damage done.

Mr. Mallory, who is the head of the steamship line of that name, had a score of friends from New York and Brooklyn for a party and they had just begun to play cards when a gas tank in a greenhouse 30 feet from the house blew up.

The detonation was heard for five miles. It shattered every glass in the greenhouses on the estate and the windows on one side of the home. It blew a servant off his feet and brought the guests from their seats. Mackey's body was found later 100 feet from the explosion by his wife, who had gone in search of him.

The guests, though startled, did not realize the extent of the accident until the party broke up.

No Ultimatum Sent

Paris, Dec. 30.—The foreign office says no ultimatum has been sent to Venezuela and considers the reports circulated to that effect are the outgrowth of the conferences between Secretary Root and Ambassador Jusserand concerning further instructions to be sent Minister Russell at Caracas. The officials here say that the resumption by Venezuela of diplomatic relations with the French charge d'affaires, M. Taigny, is essential as preliminary to considering the other questions in dispute.

Burned in Tenement House.

Minneapoolis, Minn., Dec. 30.—One person is dead, two seriously burned and fifteen or more injured or overcome by smoke as the result of the destruction by fire of the Higgins' tenement house on Minnehaha avenue. JOINT STATEHOOD BITTERLY OPPOSED

Rich Arizonian Says States Should Be Single.

ALLIANCE OF STATES UNFIT

People of Arizona Had Rather Wait Ten Years for Statehood Than Be Joined Into Territory of New Mexico—Arizona Would Be Outvoted.

New York, Dec. 30.—James Douglass, who is the excutive head of the mining enterprises in Arizona grouped as the Phelps, Dodge & Co. interests, is quoted regarding his views upon the proposed joint statehood of Arizona and New Mexico.

Mr. Douglass says among other things:

"To force Arizona into a union with New Mexico is to do a great wrong to the people of the former territory, who in racial antecedents, religious preferences and industrial interests are wholly unlike the inhabitants of New Mexico. New Mexico has a population sufficient to justify her admission as a single state and the people of Arizona, among whom I have spent more than 25 years of my life, would rather wait ten years for statehood than be joined in to New Mexico.

"In the event of joint statehood the vast interests in Arizona would be outvoted and so controlled in the matter of taxation by the greater population of the present territory of New Mexico, which is vastly less important in the value of its taxable property.

"I can well understand that it may seem desirable to substitute a state government for the territorial form whenever it can be wisely accomplished, and I can appreciate the present considerations that are involved in the contention for joint statehood, but neither should outweigh the injustice that would be involved in such an unfit alliance as that of Arizona and New Mexico."

ISLAND GROVE.

Fine School Entertainment—Christmas Exercises—Masonic Installation.

Island Grove, Dec. 29.—Christmas has passed off very pleasantly at this place. There has been little to mar the happiness of our people but much to promote it.

The school at this place closed for the holidays last Friday, and on the evening of that day an entertainment was given at the school house by our worthy teachers. Although the weather was inclement, the house was crowded to its utmost capacity and we are sure that no one was disappointed, for the entertainment was a complete success. The meeting was called to order by Prof. J. C. Adkins, who gave a very interesting and instructive talk on educational subjects. He was followed by County Superintendent J. L. Kelley, who interested his hearers for some time with bright educational thoughts. He also payed high compliments to our teachers, Prof. Adkins, Miss Fannie Miselle and Miss Ora Adkins, by saying that there are none better in Alachua county, and in saying that he might include the State, for we beleive that Alachua can compare favorably with any county in the State. After his speech dialogues, tabaleaux, orations, etc., were admirably rendered by the young people and children. When the program was completed supper was served in the form of fresh oysters, sandwiches, cake and coffee. A neat sum of money was realized, which goes to pay the indebteness of the school. The teachers are to be congratulated upon their success, for the school is now free from debt.

Monday night the people all gathered at the Methodist church, where hey were met by a most beautiful sight in the form of a large Christmas tree covered with beautiful trimmings, and laden with beautiful gifts, emblematic of the love our Lord bore for us when He gave His only Son to redeem us. The exercises were opened with a song, which was followed by an impressive prayer by Rev. John Thompson. Mr. J. Whisler then gave an appropriate talk, which was followed by a song, "Beautiful Star." Rev. Thompson was then called on and took as a foundation for his talk the song which had just been rendered. He drew a beautiful mental picture, depicting all the incidents relative to the birth and life of our Saviar. After another song had been rendered Santa made his appearance, causing much mirth among the children. Presents were then distributed and all departed with a light heart.

Wednesday was the time for the regular annual installation of Masonic officers, and it was duly recognizpd by the Masons at this place. They, with their families and friends, assembled at the hall Wednesday evening, where the solemn rite was performed in the presence of all. The meeting was opened with prayer by Mr. F. T. Baker, Sr. After the officers had been installed a delightful supper was spread by theladies and was much enjoyed by all.

Mr. and Mrs. H. M. Baker entertained their young friends at their hospitable home Tuesday evening.

Miss Annie McClaine of Archer is visiting Miss Zelma Cason.

Again the wedding bells have chimed forth, this time the fortunate lot fell to Lee Lowery, when he captured as his prize Miss Clara Absteine.

The ceremony was performed at the residence of the bride's parents on the evening of the 28th inst. It was a very quiet affair, only the relatives being present.

Mr. Lowery is very fortunate in having Miss Absteine for his bride, for she is a sweet and amiable young lady.

The young people enjoyed the e - nade immensely. The married couple thought they would escape the young serenaders by changing their residence, but were caught up with and made to pay the penalty. "Turner, Don't You Open That Door!!" They departed last night for their home in Jacksonville, carrying with them the best wishes of all, and a host of old shoes.

Turner Cason and Armour Brice went to Gainesville today to visit friends.

Mr. and Mrs. Singletary of Gainesville have been visiting here for several days.

Misses Zelma Cason and Annie Maelaine are visiting friends at Citra.

We are glad to note that Mrs. E. A. Dupree, who has been quite ill, is convalescent.

Mr. and Mrs. W. R. Brice entertained their young friends last night with a social which was much appreciated and enjoyed by all present.

The truckers are shipping a good deal of lettuce now, and are realizing good prices.

WANT AND NEED.

There's a big difference between what a baby wants and what he needs. Deny him the one, give him the other. Most babies need Scott's Emulsion—it's the right thing for a baby. It contains a lot of strength-building qualities that their food may not contain. After a while they get to want it. Why? Because it makes them comfortable. Those dimples and round cheeks mean health and ease. Scott's Emulsion makes children easy; keeps them so, too.

W YEAR SERVICE AT THE CHURCHES

Especially Fine Services at Baptist and Methodist Churches.

ELOQUENT SERMONS PREPARED

By Pastors of Both Churches, Appropriate to the Occasion of Passing Out of the Old Year — Music Specially Arranged.

The services at the churches today promise to be of unusual interest, since special New Year sermons will be delivered at the various places of worship. Especially interesting will be the sermons of Rev. S. B. Rogers of the First Baptist church and Rev. T. J. Nixon of the Methodist church, who who have supplied the subjects of their sermons for the occasion. A large congregation will no doubt greet each of these pastors at both services, for, as a rule, the public appreciate the subjects upon which they are to be taught before attending service.

The Sunday school will convene at the usual hour (9:30 a. m.) at the Baptist church. This will be followed by preaching at 10:30, and Mr. Rogers has selected for his subject, "The World Passing Away—The Old Year Dying." There will be a meeting of the Sunbeams at 2 o'clock in the afternoon, followed by the B. Y. P. U. at 3 o'clock. The subject for the evening, the services beginning at 7:15, will be "Fighting Dreams." Mr. Rogers is an eloquent and forceful speaker, and should be heard to be appreciated for his full worth.

At Kavanaugh Methodist church Sunday-school will be held at 9:30 a. m. There will be preaching at 10:30 a. m., and Mr. Nixon, the pastor, has taken for his subject, "Forgotten Memories Revived." The Junior League will meet at 2:15 p. m., and the Senior League at 3 o'clock. The evening service will begin at 7:15 o'clock. The subject will be, "A Watchnight Meditation." Good music and everybody welcome.

The service at the First Presbyterian church, Rev. Thomas P. Hay, will be as follows: 10:30 a m., morning service; 3 p. m., Sabbath school; 6:45 p. m., Westminster League. Topic, "Looking Backward." Monthly dues for expenses collected. 7:30 p. m., evening service.

Special services will be held at Holy Trinity Episcopal, Christian Advent and St. Patrick's Catholic services.

The public is cordially invited to all places of worship.

EARLY NEW-YEAR SERVICE.

As Is the Custom of the Presbyterian Church, Service Will be Held.

An early morning New Year service will be held at the First Presbyterian Church on Monday morning, January 1st, at 7:30 o'clock. This has been a custom in this church for several years, and the service is always well attended and full of interest. The members of all the churches and the general public are cordially invited to attend.

A "Quiet Hour" service will be held in this church Tuesday afternoon at 5:30 o'clock, and every afternoon of the week at the same hour. These meetings are purely devotional, intended to develope spiritual life communion, fellowship and consecration. Requests for special prayer will be invited, and earnest intercession offered for all desiring the divine help and blessing.

All those in sympathy with the purpose of these services will be welcomed as attendants and participant.

Orders for oak and pine wood, any length, promptly filled. Address, through postoffice, Willis Reed, R. F. D. No. 1, City.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average baldheaded man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Subourand, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

MITCHELL WAS PROMINENT.

Funeral Was Largely Attended—All Stores Were Closed.

Former Conductor J. J. Mitchell of the Atlantic Coast Line, who was killed by a negro when acting as special police at St Petersburg on Christmas Day, the negro afterwards being killed by a mob, was a very popular man, as was demonstrated by the funeral, which was held a couple of days after.

J. Fletcher Burnett, who was a close personal friend of Captain Mitchell, attended the funeral. Upon his return to this city he stated that this affair was one of the saddest and most impressive ever witnessed, and the people exemplified their friendship by the manner in which they presented themselves at the funeral.

"All the stores of St. Petersburg were closed during the funeral," said Mr. Burnett, "out of respect for the deceased. The funeral was largely attended, nearly everybody in the city having either attended the church or the cemetery, and the expressions of those present showed evidence of genuine sorrow."

Captain Mitchell's friends here were very sorry to hear of the fatal tragedy which ended his life. He was well known in this section, and was liked by all who knew him. The information of his death at the hands of a dirty offender of the law fell heavily upon the hearts of his friends, and they are all glad that he was accorded a burial in keeping with the character of the victim.

Friends here extend a most sincere sympathy to the bereaved widow and orphans of the deceased.

A Fine Animal.

One of the most magnificent horses ever seen in this section has been imported from Indianapolis, Indiana, by C. W. Chase, who is very much devoted to fine stock. While in the West recently Mr. Chase saw the horse and admired, with the result that a purchase followed. The animal arrived a few days ago, and excited the admiration of those who know what a good horse is. Mr. Chase's friends are congratulating him.

Mrs. R. A. Becker gave an informal reception to a number of her lady friends on Saturday, from 3 to 5 p. m. in honor of her sister-in-law, Mrs. Florence Gilmour-Russell of Jacksonville, who with her two children are the guests of Mrs. Becker. The occasion was a very pleasant one, as Mrs. Russell formerly resided in this city and has many friends here she was glad to meet.

LaGrippe and Pneumonia.

Pneumonia often follows lagrippe, but never follows the use of Foley's Honey and Tar. It cures lagrippe, coughs and prevents pneumonia and consumption. Ask for Foley's Honey and Tar and refuse any substitute offered. Mr. G. Vacher, 187 Osgood street, Chicago, writes: "My wife had a severe case of lagrippe three years ago and it left her with a terrible cough. She tried a bottle of Foley's Honey and Tar and it gave immediate relief. A 50-cent bottle cured her cough entirely." Refuse substitutes. J. W. McCollum & Company.

SIBLEY HOME SOLD.

Famous Ohio Physician Purchases Desirable Residence Here

Dr. W. H. Sibley, who for several years has owned and occupied one of the neatest homes in East Gainesville, has sold the same to Dr. Spencer, a noted eclectic physician of Ohio, who has decided to locate here. Dr. and Mrs. Spencer have been in the city for some time, stopping with Mrs. R. H. Arnold. It was their first visit to Florida, and they were attracted by the advantages of Gainesville as a clean, moral and educational city, with the result that they purchased tickets here. They have met many o our people, and have been so royally received and entertained in our homes that they decided Gainesville was a "pretty good place to live." Desiring to settle permanently, Dr. Spencer purchased the Sibley place, and has also arranged with Dr. Sibley to begin practice in his office, East Main street, North. He will assume charge of the offices at once.

Dr. Sibley, who is one of the old and most widely known citizens and physicians, has not yet decided whether he would remain in Gainesville or seek a more extended field. His practice here is large, but he feels that he might enter another territory more thickly populated and increase the same. He may decide to locate in Jacksonville, but in the event that he does not, will open another office here.

The people of Gainesville welcome Dr. and Mrs. Spencer to Gainesville, and hope they will continue to be well pleased.

Torture of a Preacher.

The story of the torture of Rev O. D. Moore, pastor of the Baptist church of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies without relief until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which entirely cured my cough and saved me from consumption." A grand cure for diseased conditions of throat and lungs. At all druggists; price 50c and $1 00, guaranteed. Trial bottles free.

SUNSTROKES.

"They all work father" will now be laid away along with the moth balls until next Christmas.

It just seems as though the Georgia courts wanted to torture the Rawlings crowd as long as possible before they hang them.

Getting drunk is not considered a civilized way of observing the birth of Christ, but there seems to be a desire among some men to thus keep up the day.

Guess the people of Oregon must know the new Senator from that State. They have not said anything "agin" him and he has been in his place about three weeks.

The writer of "Roses Bloom in Summer Only" had probably never spent a winter in Florida, where we have some fine ones in bloom at the present time.

Don't make any good resolutions for the New Year, but just do it. So many fellows are such clever chaps and appreciative that they swear off and then treat the resolution.

Tampa is after business wherever it can be found, but we did not believe that they would work up a strike in Key West to help their cigar trade, as the Islanders allege.

Next month will bring forth several business changes in Gainesville, which will be a surprise to many people. It is quite certain our city is on the sunny side of the business world.

A Nebraska female took anti-fat to reduce her flesh. When she began to reduce in good shape she stopped breathing.

"It is a beauty," said a gentleman as he passed along the street and looked up at the new Episcopal church, So say we all.

The State Fair at Tampa appears to have been a financial success, and a 25 per cent dividend has been declared on the capital stock.

If the Happy New Year finds you serenely happy, look about you and see if you can't find some one else to cheer up on their way.

The cool weather of the past few days seems to bother the fellows who have nothing to do but keep warm, more than anyone else.

The Banner of Liberty at Jasper will cast politics aside and for the year 1906 work for the best interests of that city. A good resolution for the New Year.

Judging from the reports that have been received from the foreign countries that have threatened to cut in on the cotton production of the South, there is little or no danger of any rival bobbing up from that source.

Don't fail to go to church today as this is the 53d Sunday in the year, so you can say you have not missed a Sunday in the whole year. This will not happen again in 110 years, so it will probably be the last time we will be called on to break the rule of attending only 52 times.

FLORIDA FOR 1906.

Without any resolution, but keeping up with the march of improvement already begun, Florida will do better in the coming year of 1906 than ever before, and march along close to the front in the way of advancement in the year that is now close at hand.

Many delusions have been removed in the past year regarding our beautiful State, and those who have come here and seen for themselves are satisfied that the half has never been told, or if it has, the story has been garbled, as Florida is the place where not only the afflicted may come to regain their health, but where the rustler for business may come to acquire wealth.

People who have come here from the North expecting to find prices exorbitant in the line of household necessities, have soon discovered that they can live as cheaply as in the old settled sections of that portion of the country. In the line of fuel there is a big saving, and the man who owns his own home here is as well off as those in the North and is not frozen nearly to death six months in the year.

And in regard to building a home, the opportunities are equal here to any section. The Jacksonville Development Company makes it possible for a man to build a home on the installment plan with interest as low as in the most favored sections of the country, and this company will soon be doing business in many cities of the State.

Every city in Florida is growing, new enterprises are springing up, and we have enough products of the soil to feed twice as many people as we now have. Florida for 1906 promises well.

BANNER CITRUS FRUIT COUNTY.

Lee county should feel pardonable pride in being enabled to herald itself in the future as the "Banner Citrus Fruit County of Florida." In a State in which the culture of citrus fruit is a leading industry, an industry to which the very best efforts of skilled experts are devoted, it is a high honor to be acclaimed first in citrus fruit growing. Lee's exhibit at the State Fair included products of this nature that no other county in the State could show. No such diversified, and at the same time generally excellent exhibit of fruit, was ever made in the United States, and Lee's distinction as first in citrus fruits in Florida means, in fact, first in the United States, for Florida is first of all the States of the Union in this industry. Commissioner Philip Isaacs may bear home to his people a badge of honor that cannot be discounted and that is in some respects to be preferred even to the blue ribbon, as it is the badge of pre-eminence in a pre-eminent industry.—Tampa Tribune.

BE A MAN.

He who says "I will!" over and over to himself and tries, and who keeps on saying and trying, is bound to win, whether he be only 18 years of age or 80. The trouble with the average man or woman is to be found in the too-ready disposition to give up. The king (the will) is dethroned long before 80, sometimes before 60 and even before 40. The individual thinks he has lost his chance and the Scripture says: "As a man thinketh in his heart, so is he." He thinks he is not good for much and so thinking he is not good for much. He has lost his grip.

During the year just closing The Twice-a-Week Sun has had a remarkable growth in its list of subscribers, and we desire to thank our many friends who have taken such an interest in its welfare. The Sun does not aim to be a world-paper, but it does desire to represent Gainesville and Alachua county. Twice each week it is sent out to upwards of two thousand subscribers in the county, and to each and every one of these and their families we wish a Happy and Prosperous New Year.

LINCOLN'S FOREFATHERS.

A Strain of Tragedy Runs Through Their History.

Abraham Lincoln's forefathers were pioneers—men who left their homes to open up the wilderness and make the way plain for others to follow them. For 170 years, ever since the first American Lincoln came from England to Massachusetts, in 1638, they had been moving slowly westward as new settlements were made in the forest. They faced solitude, privation and all the dangers and hardships that beset men who take up their homes where only beasts and wild men have had homes before, but they continued to press steadily forward, though they lost fortune and sometimes even life itself in their westward progress.

Back in Pennsylvania and New Jersey some of the Lincolns had been men of wealth and influence. In Kentucky, where the future president was born on Feb. 12, 1809, his parents lived in deep poverty. Their home was a small log cabin of the rudest kind, and nothing seemed more unlikely than that their child, coming into the world in such humble surroundings, was destined to be the greatest man of his time. True to his race, he also was to be a pioneer, not, indeed, like his ancestors, a leader into new woods and unexplored fields, but a pioneer of a nobler and grander sort, directing the thoughts of men ever toward the right and leading the American people through difficulties and dangers and a mighty war to peace and freedom.

The story of this wonderful man begins and ends with a tragedy, for his grandfather, also named Abraham, was killed by a shot from an Indian's rifle while peaceably at work with his three sons on the edge of their frontier clearing. Eighty-one years later the president himself met death by an assassin's bullet. The murderer of one was a savage of the forest; the murderer of the other that far more cruel thing, a savage of civilization.—St. Nicholas.

Capt. W. J. Tucker of Fort Pierce has come on the scene as a candidate for Governor of the State of Florida, and although he has never aspired to office, he is looked upon as a man fitted for the gubernatorial chair. Being a veteran of the Seminole and Civil wars he has shown his loyalty to the people, and he will have a steadfast following from many sections of the State

Misses Robie and Ollie Robertson of Mount Enon, while driving from that place to Youmans, were both shot and painfully wounded by an unknown party, supposed to be a hunter. Miss Robie was shot in the left cheek just below the eye and Miss Ollie in the breast. The body of the vehicle was riddled with shot. The shot was fired from the side of the road, but the young ladies could find no one in the vicinity.

NELSON'S FIGHTING MEN.

Had Few Pleasures and Faced Death With a Jest.

Of the "wooden walls of England," the great sailing ships in which Admiral Nelson won his victories, and of the men who worked them, a critic writes: "Though beautiful to behold and terrible to fight with, those old men-of-war were more often than not abodes of tyranny and wretchedness. The violence of the press gangs, which seized men of all ages and occupations, was but a prelude to the oppression that followed. Decent men were herded indiscriminately with ruffians, the rights of free born Englishmen were rudely snatched from them—for them thenceforward there was no law save the will of the captain and the dread articles of war. Shore going leave was nonexistent, the food was atrocious and scanty, punishments were barbarous, and the only thing served out with any liberality was rum, on which the men got drunk and then were flogged for that offense at the gratings next morning.

"In Nelson's time the seaman had few pleasures save the prospect of a hot fight and his daily pint of rum. But to these must be added the vainglorious satisfaction he took in his clothes. When rigged out in his best he frequently wore rings in his ears and silver buckles on his low shoes, his short blue jacket would be decorated with gold buttons and colored ribbons sewed down the seams to give an additional gayety, his waistcoat might be red or canary, and a black silk handkerchief would be knotted loosely round his throat. As the finishing touch his hair would be hanging in a cue down his back. The broad collars were first worn as a protection against the grease and pomatum used in dressing the pigtail.

"But all these fripperies were discarded when the guns were cast loose from their lashings and the linstocks were lighted. It was the custom of the men when going into action to strip to the waist. They took their black silk handkerchiefs and bound them very tightly round their heads over their ears, so that the roar of the guns might not deafen them for life. It was remarked that men going into action always wore a sullen frown, however merry they were in their talk.

"Methods followed in that day were curiously primitive and toilsome, but the results were undoubtedly satisfactory save to the nameless and numberless sailors who met grim death on the black and blood stained decks or in the dark horror of the cockpit. That those hardy and careless men often faced death or disablement with a jest or a cheer only renders their unconscious heroism the more impressive."—Chicago News.

Remarkable Cure.

"I was much afflicted with sciatica," writes Ed C. Nud, Iowaville, Sedgwick Co., Kan., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used. Have recommended it to a number of persons. All express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm." 25c, 50c and $1. Sold by W. M Johnson.

MOURNING CUSTOMS.

Origin of the Widow's Cap and Black Sleeve Bands.

The customs of mourning as practiced in various parts of the world seem at first sight to have little relation with each other or with the inward grief which they are supposed to typify. Yet by the exercise of a little patience many resemblances may be discovered among them. The widow's cap, for example, dates back to the days of ancient Egypt. Egyptian men shaved the beard and head as a token of mourning. The women, instead of cutting off the hair, concealed it by a close cap. The Romans, who were as a race clean shaven, shaved the head in mourning and wore a wig.

The black band on the sleeve as a sign of mourning comes to us from the days of chivalry. The lady tied a scarf or napkin, as the handkerchief was called, about the arm of her knight. If he was killed in battle she wore the band in memory of him.

Black has so long been the color of grief in Anglo-Saxon countries that it seems a part of the upside down civilization of the east that Japan and China wear white. But no longer ago than the time of Elizabeth the unfortunate Mary of Scotland wore white on the death of Darnley. Even now the hearse used for children is white, and in England the mourners at funerals of young unmarried persons wear hatbands and sashes of white.

A queer English custom is that of decorating the black hearse horses with long false black tails. They attract no more notice on a street in Liverpool than do the black nets used in this country to cover the horses.

A great many sensible people protest that wearing tokens of mourning is a barbaric custom that should be abolished or greatly modified, but when loss and grief actually come into the individual life one discovers that there is a strange, subtle fitness in gloomy garments and that they answer to the need of the soul for silence and separation.

The Requisite of Beauty.

The first requisite of beauty is a clear complexion. Orino Laxative Fruit Syrup clears a sallow, blotched complexion, as it stimulates the liver and bowels, and the eyes become bright and clear. You owe it to your friends to take it if your complexion is bad. Orino Laxative Fruit Syrup does not nauseate or gripe and it is very pleasant to take. Refuse substitutes. J. W. McCollum & Company.

The Beaver's Tooth.

No carpenter's chisel can do more effective work than is turned out with ease and neatness by the beaver's tooth. This is the principal tool with which these patient, clever builders construct their dams. The outer surface of the tooth is a scale of very hard enamel, while the body of it is of softer dentine. As the softer substance wears away in use the end of the tooth takes a chisel-like bevel, leaving a thin, slightly projecting edge of hard enamel as sharp as any carpenter's tool fresh from the oilstone. The thin scale of enamel gives keenness, the softer dentine supplies strength, and thus the combination forms a formidable tool, which actually sharpens itself by use.

A Queer Festival.

A queer festival is celebrated in Malacca every ten or twelve years. The opening of the festival is signalized by a grand procession, in which huge piles of eatables take a large share. At the end of the third day the viands are burned. On the last occasion the piles of food were placed in a specially constructed boat which was towed out to sea and there consumed by fire, together with all the contents. A large sum of money, amounting to several thousands of dollars, was subscribed, largely in Singapore, for the proper observance of the festival.

Heart Fluttering.

Undigested food and gas in the stomach, located just below the heart, presses against it and causes heart palpitation. When your heart troubles you in that way take Herbine for a few days. You will soon be all right. 50c a bottle. Sold by W. M. Johnson.

ODD DERIVATIONS.

Curious History of the Word "Vote." How "Reticule" Got Its Name.

"Vote" is a word with a curious history. To the Roman a "votum" was a solemn promise made to a deity. From the solemn promise itself the meaning of "votum" gradually became the prayer or intense wish that accompanied the promise and then any intense wish whatever. So far the development proceeded in Latin, and "vote" passed into English with the same sense. When Ben Jonson wrote of "public votes" to heaven he meant not mass meeting resolutions, but prayers. Finally "vote" acquired its present meaning, the formal and emphatic expression of a wish, while the old sense remains with its double "vow."

That openwork bag for shopping, called a reticule, gets its name directly from the Latin "reticulum," "little net." Popularly, however, the word is supposed to owe its existence to the fact that when an Englishwoman visited the first Paris exhibition with her little bag in her hand the Parisians cried "Ridicule!" The Englishwoman, misunderstanding the exclamation, is said to have thought it the correct translation of "little bag" and returned to England calling it a "reticule."

Philologists claim that the phrase to "sleep like a top" comes from the French "dormir comme une taupe," to sleep like a mole. It is said, too, that Cinderella's slippers were not made of glass, but of "vair," the old French word for ermine, which in time became corrupted into "verre," glass.—Chicago News.

A Certain Cure for Croup.

When a child shows symptoms of croup there is no time to experiment with new remedies, no matter how highly they may be recommended. There is one preparation that can always be depended upon. It has been in use for many years and has never been known to fail, viz: Chamberlain's Cough Remedy. Mr. M. F. Compton of Market, Texas, says of it: "I have used Chamberlain's Cough Remedy in severe cases of croup with my children, and can truthfully say it always gives prompt relief." For sale by all druggists.

Four Good Reasons.

An amusing incident happened the other day at a club which had hospitably thrown open its doors to two other clubs. A certain well known officer in the brigade of guards was guilty of the offense of smoking in the morning room. As a matter of fact, he was under the impression that it was the smoking room. A brother officer told him of his mistake. He went up to the only other occupant of the room, an old gentleman dozing in a corner, and apologized for having inadvertently broken one of the rules of the club. The old gentleman replied, without haste, as follows: "My dear sir, pray do not apologize. In the first place, I am sure you would not have smoked had you known that it was prohibited; in the second, I should be the last person to blame you if you had done so; in the third, I am not a member of the club, and in the fourth, I have just been smoking myself."—London Globe.

Doctors Could Not Help Her.

"I had kidney trouble for years," writes Mrs. Raymond Conner of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." It makes the diseased kidneys sound so they will eleminate the poisons from the blood. Unless they do this good health is impossible. J. W. McCollum & Co.

Time For a Change.

What shall we do with our parents? There is my father ruining himself and me by his willful ignorance and my mother ruining us by her extravagances. It is a great development of the times that the ordinary child who is past twenty is altogether better educated, more experienced and wiser than are his parents! It has occurred to me to suggest that after the eldest child reaches twenty the parents should therefore come under the control of the children.—Letter in London Graphic.

The Point of View.

"Henry, if I were a young man like you and expected to have to make my own way in the world some day I should try to make my expenses come within my income."

"Father, if I were as rich as you are and had only one son I'd try to bring his income up to his expenses."—Chicago Tribune.

A Saco (Me.) florist has been raising pond lilies for the market. His pond is 300 by 60 feet and yields thousands of blooms in a season. During the height of the season the daily yield went above 500 blossoms. The usual price was $4 per hundred.

BIRTHPLACE OF MASSAGE.

Queer Nubia, Where the Inhabitants Never Take a Bath.

The masseur had just returned from Nubia, the birthplace of massage.

"I didn't learn as much as I expected to," he said, "but I got hold of two movements that will eradicate wrinkles and remove fat in an incredible way.

"Nubia is a queer place. They have so little water there that they never take baths. The 'masseh,' or kneading, whence our word 'massage,' is the bath's substitute. You strip, lie down and are covered from head to foot with a cream made of mutton fat, musk, sandalwood powder and certain plant juices. Then you are kneaded, you are massaged. I studied the Nubian movements thoroughly and learned, as I say, good things.

"The Nubians are a handsome and queer race. They hunt elephants with the sword. A hunter steals upon a dozing elephant and slashes him in the back of the leg ten inches above the hoof. This cut severs the artery, and the elephant bleeds to death.

"They cook meat on hot stones. First they build a fire, then they put big stones on it, and when the stones are hot enough they clean them of ashes and embers carefully and throw on the meat. This is a better way of cooking than the broil, for it preserves all the meat juices. But greenhorns don't know what kind of stones to use. Most kinds heated explode.

"The Nubians are shapely and handsome. They never wrinkle, they never get fat, their skins are smooth and fine. They impute these graces to the 'masseh'—the massage—that they take regularly three or four times a week. Every masseur ought to go to Nubia if he wants to learn his business thoroughly."

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contrated severe colds which speedily developed into the worst kind of la grippe with all it miserable symptoms," says Mr. J. S. Egleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." These tablets promote a healthy action of the bowels, liver and kidneys which is always beneficial when the system is congested by a cold or attack of the grip. For sale by all druggists.

Where Vessels Have Eyes.

Painted on the prow of nearly all the junks, or Chinese sailing vessels, are to be seen huge eyes. It is believed by the superstitious inhabitants of China that if the eye, which is raised as in relief, was not there the vessel could not see where to go and would therefore come to destruction. Even if when at sea the eye got destroyed or damaged another would have to be painted in at once. No Chinaman will sail on a junk which is not adorned by an eye, and even an English passenger boat which plies between two Chinese towns has a huge eye painted on each side of her paddle boxes.

Whitman on Emerson.

I often say of Emerson that the personality of the man—the wonderful heart and soul of the man, present in all he writes, thinks, does, hopes—goes far toward justifying the whole literary business—the whole raft, good and bad; the entire system. You see I find nothing in literature that is valuable simply for its professional quality. Literature is only valuable in the measure of the passion—the blood and muscle—with which it is invested—which lies concealed and active in it.—From Horace Traubel's "With Walt Whitman In Camden" in Century.

Cured Paralysis.

W. F. Baily, P. O. True, Texas, writes: "My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Ballard's Snow Liniment, which cured her alright. I have also used it for old sores, frostbites and skin eruptions. It does the work." Sold by W. M. Johnson.

Very Important.

"Uncle John, should I be justified in writing to a young man who has never written to me?"

"Only on very important business, my dear."

"Well, this is important business. I want him to marry me!"—Illustrated Bits.

The surest thing on earth to get a man's system "out of whack" is heavy, soggy bread, which is caused by several reasons: First, the material may not be good; second, the cooking may be poor. The best flour in the world will make the heaviest bread if improperly mixed or cooked. WE USE THE BEST FLOUR and our "long suit" is knowing how to mix and bake it. R. F. Sheppard and family are now pleasantly located in the Dye home, North Gainesville. Mr. Dye, who has been employed as bookkeeper for the J. R. Eddins Company, has accepted a position in Georgia, and will move his family there. Gainesville friends will regret very much to give them up, but wish them much happiness in their new home,

A. B. Chitty is now at Hot Springs. It will be remembered that Mr. Chitty was recently stricken with a severe illness, and was confined to his bed for several weeks. The physicians recommended Hot Springs, and he went there and has received great benefit. His friends will be pleased at the information that he is getting along nicely.

The temperance lectures delivered in this city on Thursday and Friday evenings by Rev. W. T. Bundick of Atlanta, Ga, were somewhat poorly attended on account of the Christmas season, although both were ably prepared and delivered in a convincing manner. The music was in charge of Mrs. Maretta Brooks and was a pleasant feature.

Little Miss Rosa Lee Rives of High Springs is in the city, a guest of relatives. She is en route home from Micanopy, where she has been on a visit for the past few days. Miss Rosa Lee is a charming character, full of good humor, and makes friends wherever she goes.

Failed.

All efforts have failed to find a better remedy for coughs, colds and lung troubles than Foley's Honey and Tar. It stops the cough, heals the lungs and prevents serious results from a cold. J. N. Patterson, Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." J. W. McCollum & Company.

Furious Fighting.

"For seven years," writes Geo. W. Hoffman of Harper, Wash., "I had a bitter battle with chronic stomach and liver trouble, but at last I won, and cured my diseases by the use of Electric Bitters. I unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." Sold under guarantee to do the same for you, by all druggists at 50c a bottle. Try them today.
